High School (KG-X) | St. Mary's School, Jajpur Road, Odisha

Percentage: 82.5% | Year: 2020

INTERNSHIPS

[Antbox - Tech Consultant\(Client-Simetrik - Fintech,SAAS\)\(26-06-25 to Present\)](#)

I was deployed in Simetrik - A fintech SAAS company, where I interned for three months(July, August, September). My assigned role was that of Implementation Specialist. At Simetrik, which I joined through Antbox, I developed key skills in fintech implementation and client solutions. My role involves Financial audit and leveraging data analysis to understand client requirements, configuring Simetrik's no-code platform for automated financial operations, and providing technical support throughout the project lifecycle. The data that I worked on pertained to Account books, amount receivable, payable etc.

SKILLS - Google Workspace, Languages: Python,Sql(postgre sql),Java || **AI Tools:**

PyTorch/TensorFlow, OpenCV, Pandas, NumPy
